Student Mentor for Student Leadership Conference Application

The 2020 Student Leadership Conference is calling out for student mentors. The attributes we are looking for in mentors are as follows:

- Interpersonal skills
- Group communication skills
- Leadership skills
- Willingness to meet new people
- Ability to facilitate discussion
- Lead students to various workshops
- Maintain confidence and inspire others
- Organizational qualities

If you believe you possess the above qualities we hope you will apply for a mentor position to assist advisors at the SLC this May. Mentors will be required to be present all day (May 8th) on Western Oregon University's campus. This is a volunteer position that will benefit mentors by exposing them to diversity which will enhance their professional portfolio.
